## MRFL Series LED Indoor and Outdoor Remote Fixtures

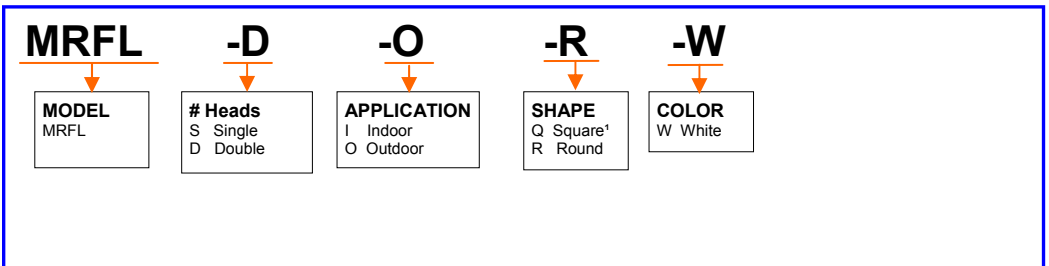

### INDOOR FIXTURES

### FEATURES

- Long lasting, efficient ultra-bright white LED lamp heads.
- Available in a round or square format
- High-performance chrome-plated metalized reflector and plastic lens (indoor applications) or glass lens (outdoor applications) for optimal light distribution.
- Adjustable LED lamp heads increases center-to-center spacing with 8 LEDs in each head.
- Total power consumption of 1.72 watts per head.
- Indoor application remote heads are injection-molded, engineering-grade, 5VA flame retardant, high-impact resistant, thermoplastic in white or black finish.
- Outdoor application remote heads are sealed and gasketed
- Universal mounting base mounts to single-gang switch box.
- Distance of maximum run is determined by system voltage, wire gauge and total maximum wattage on the run.
- Suitable for wall or ceiling mount
- Powered from low voltage power source with low voltage wiring (not supplied)
